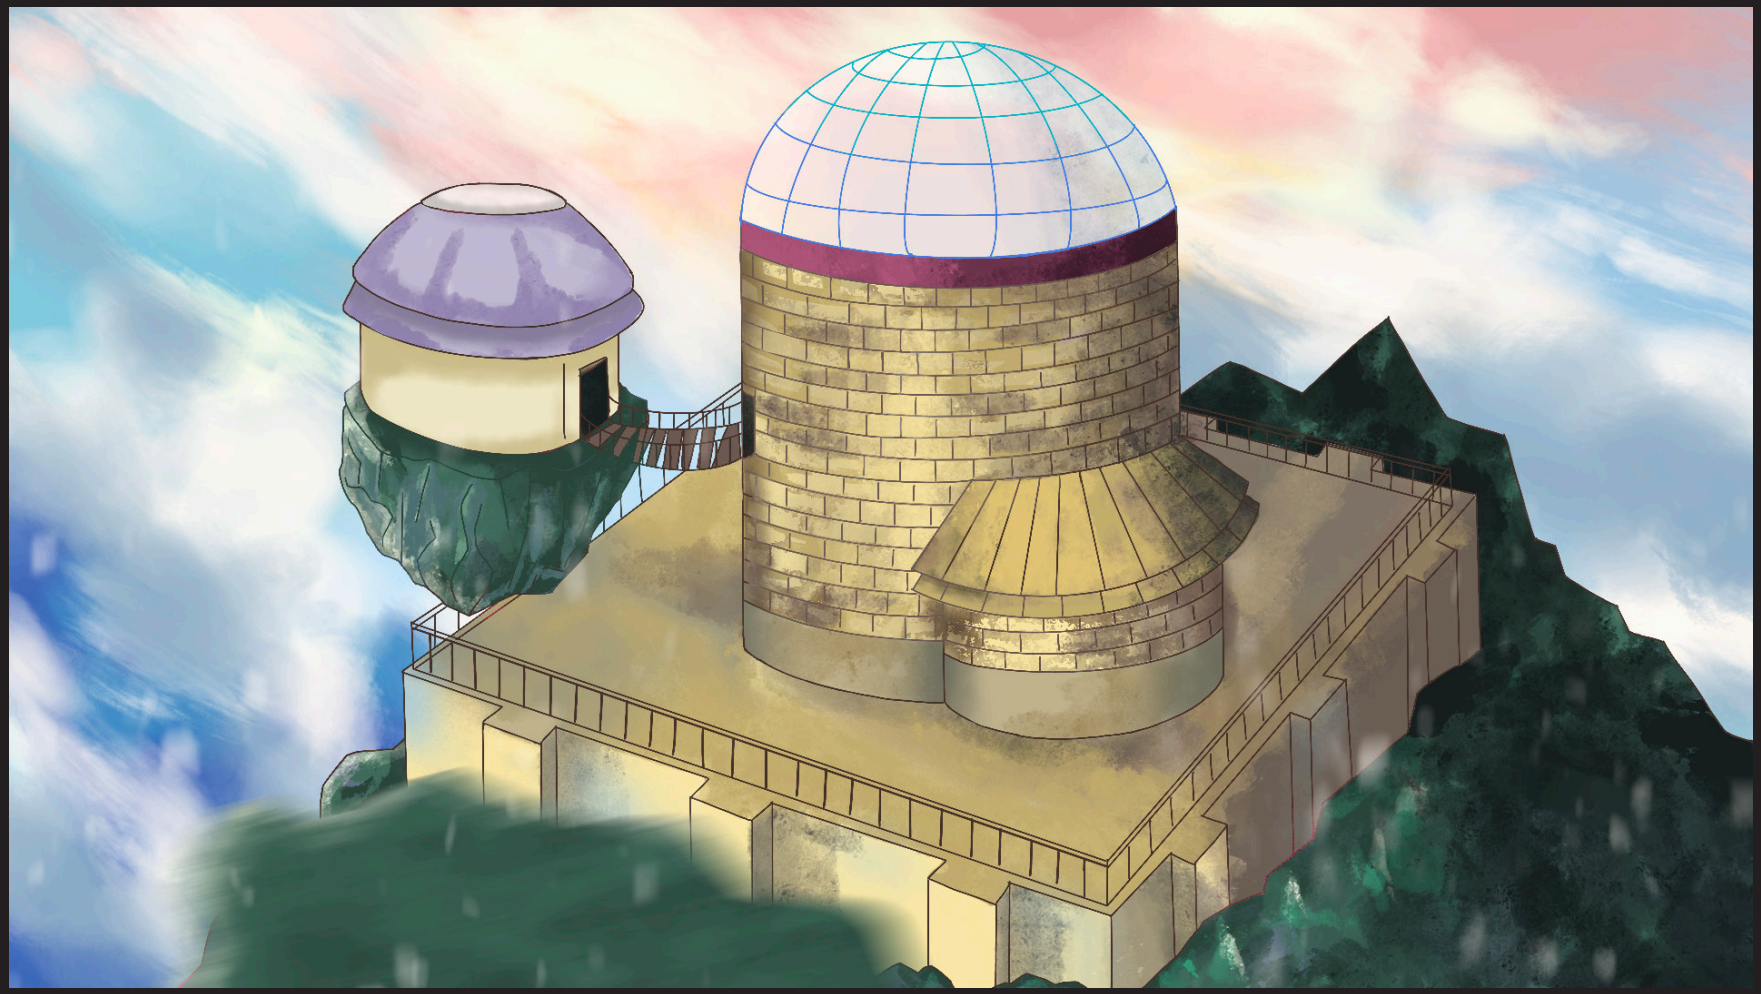
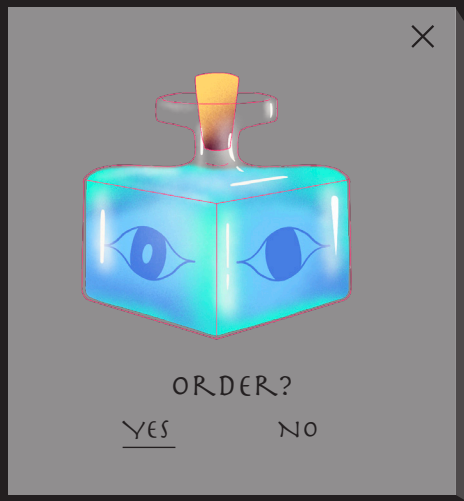
My thesis is a series of illustrated assets that can be used for creative coding. Through creating a fictional world, I aim to create a space where time stops and everyone can have a digitally therapeutic experience.

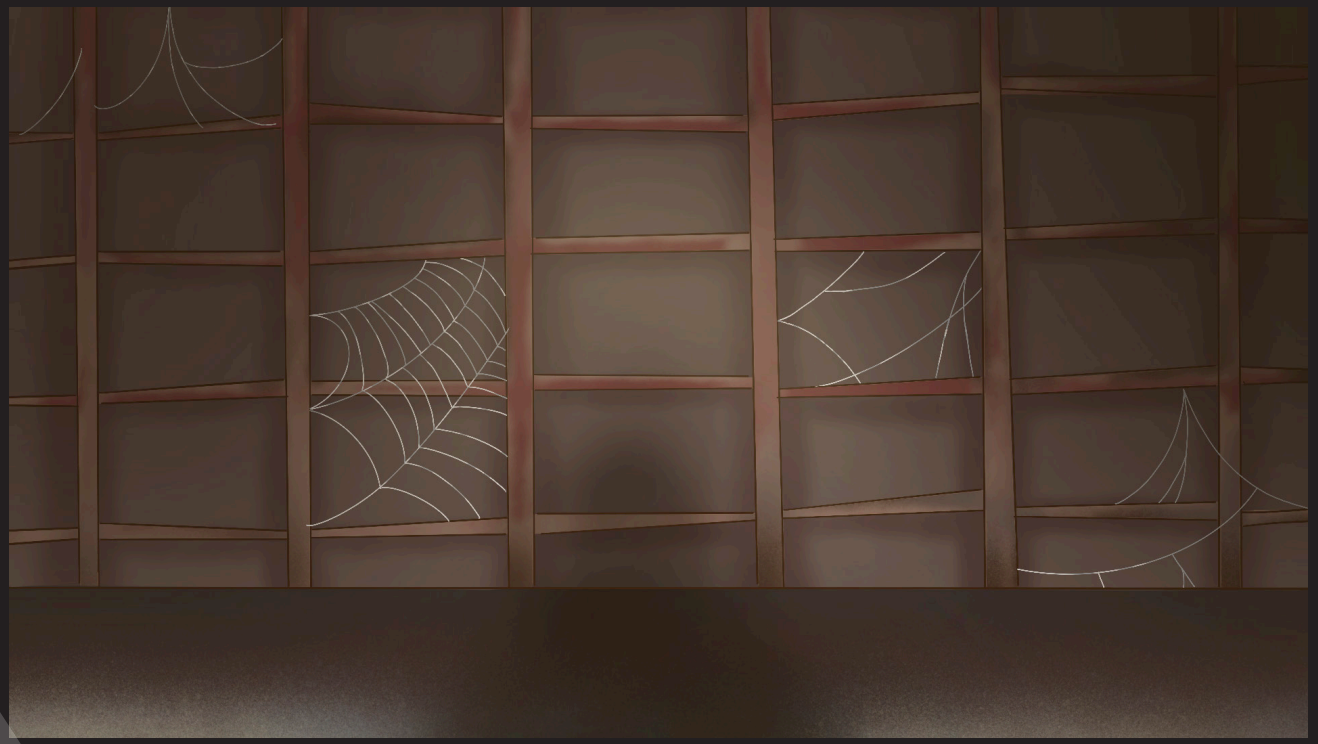
MOVE YOUR CURSOR TO EXPLORE.



WELCOME TO LAND DER HEILUNG.

LAND DER HEILUNG (NIGHT)





THE CARETAKER'S BAR

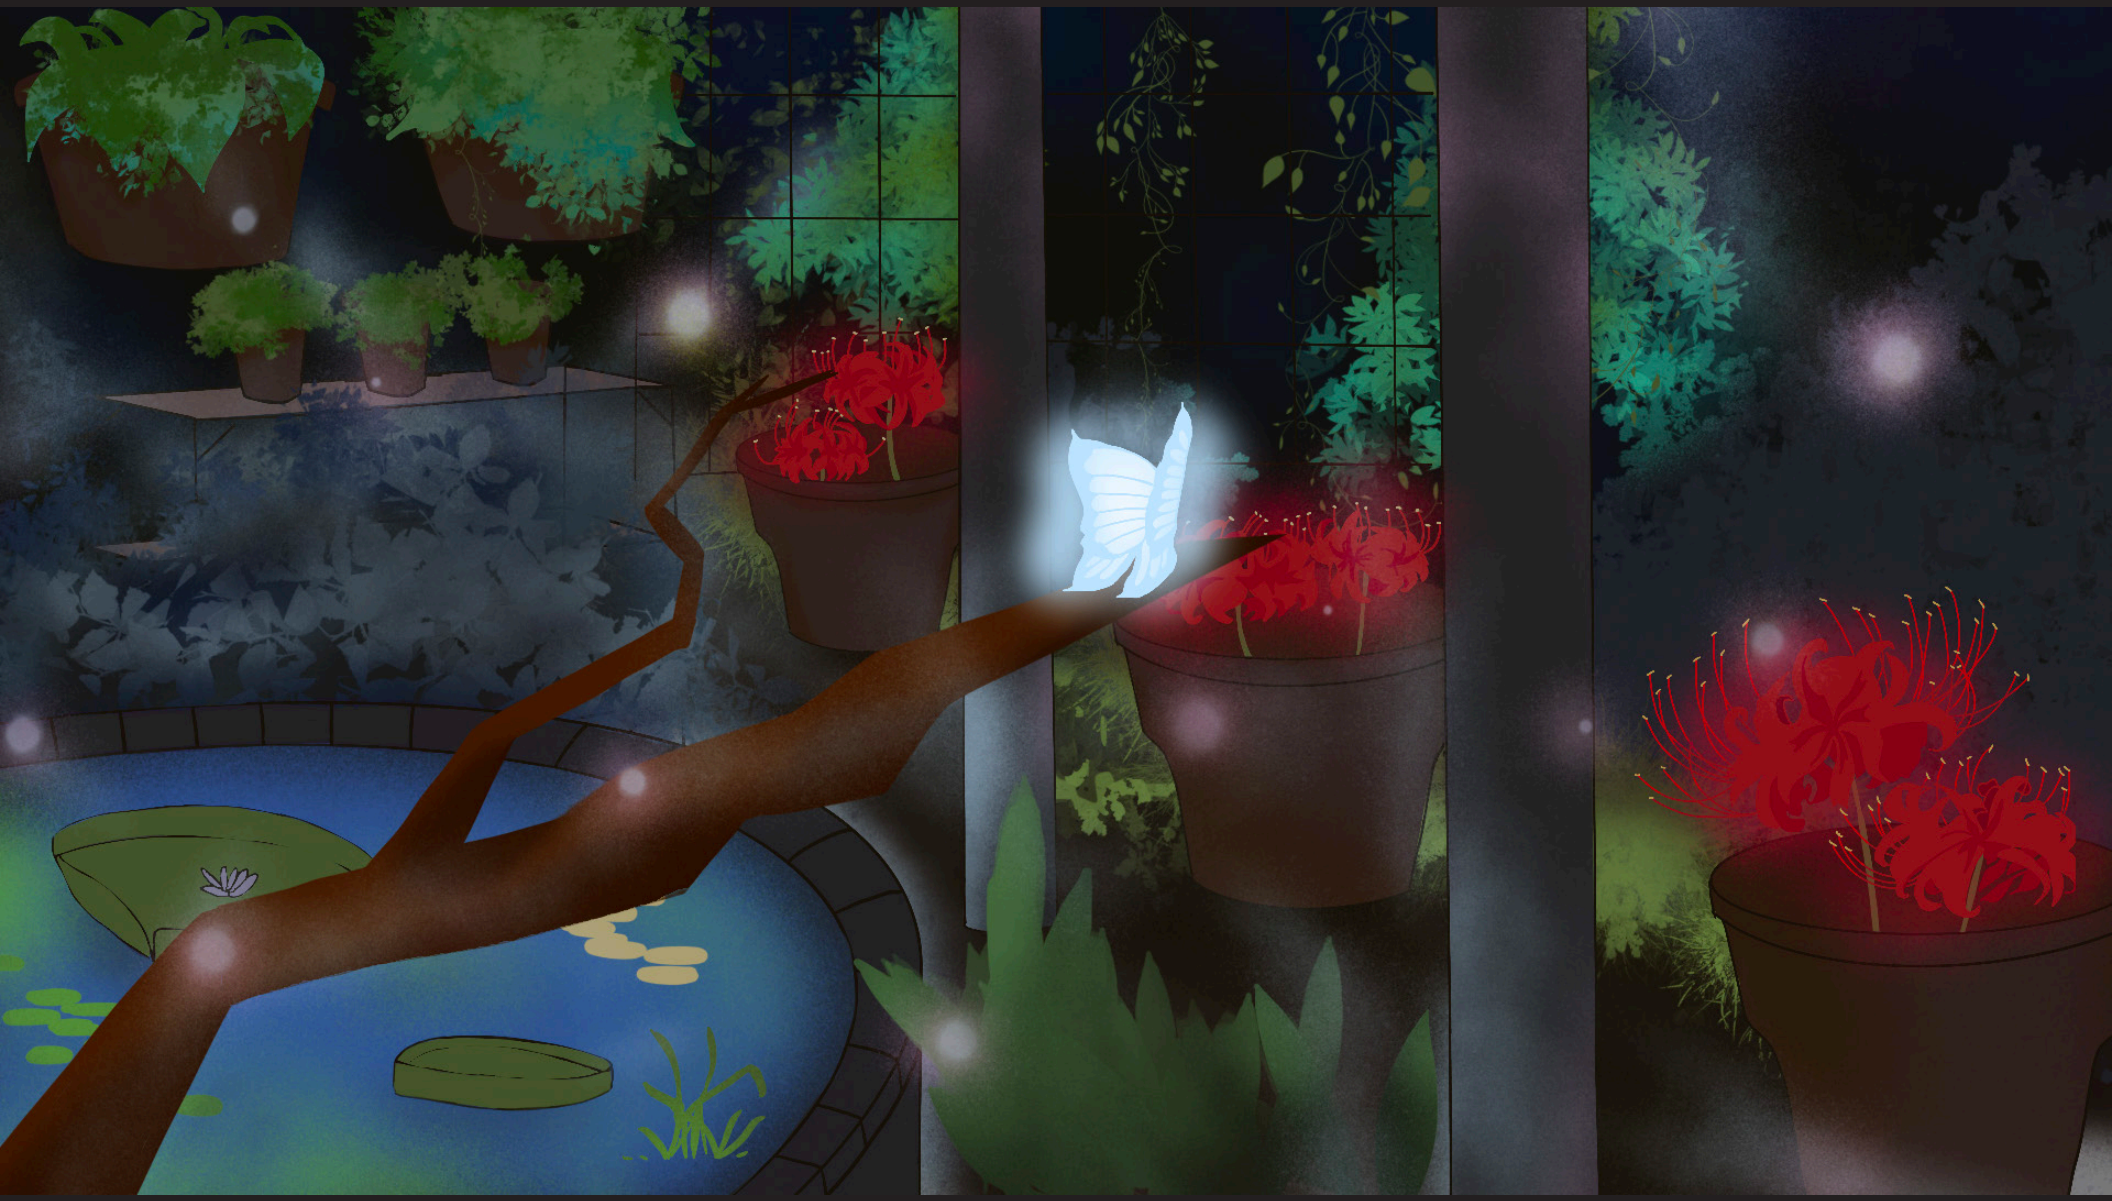
DID YOU KNOW? THE DAFFODIL IS A SYMBOL OF REBIRTH AND NEW BEGINNINGS.

TAKE THE DAFFODIL?

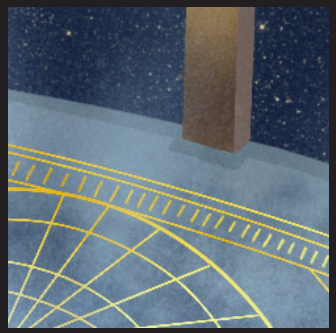
YES NO

YOU PICKED UP THE DAFFODIL.

THE CARETAKER'S GARDEN (DAY)



THE CARETAKER'S GARDEN (NIGHT)



YOUR TIME HAS STOPPED AT
APRIL 29, 2021 1:32.

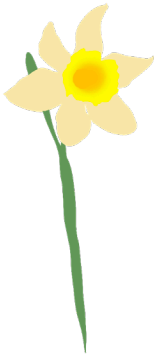
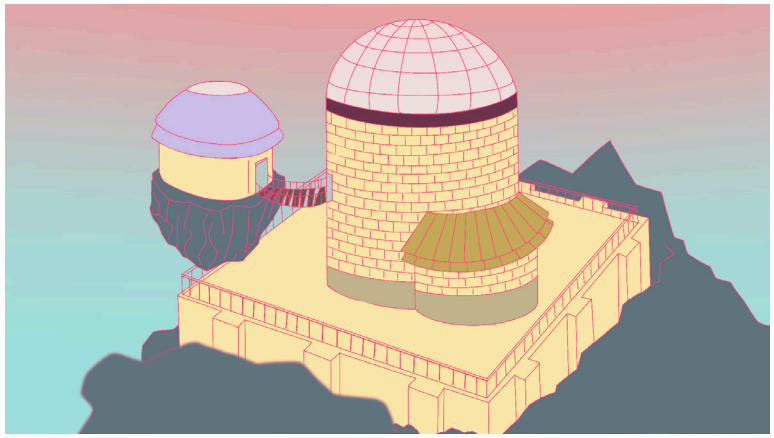
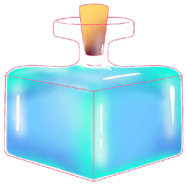
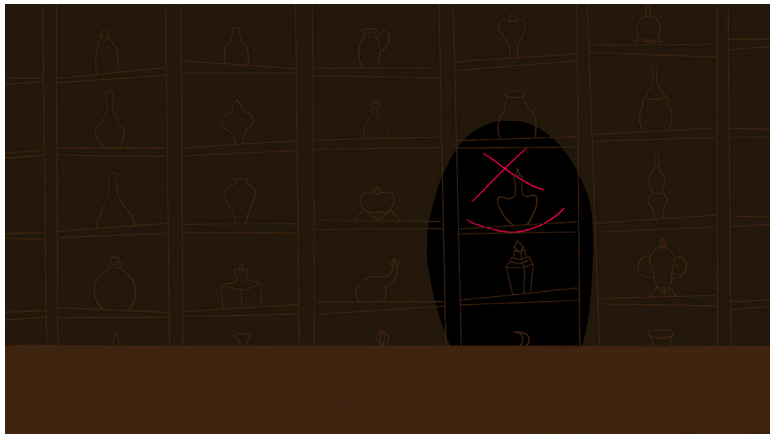
Inspiration

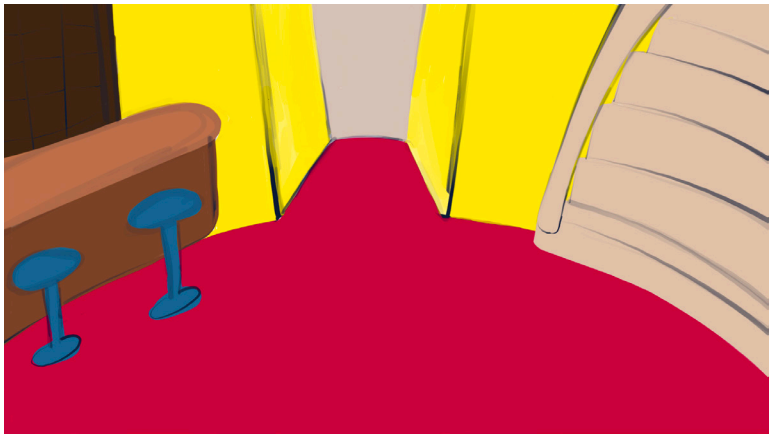
Amagoya Yasui Marie’s website consists of interactive elements that lead you to different “rooms”.

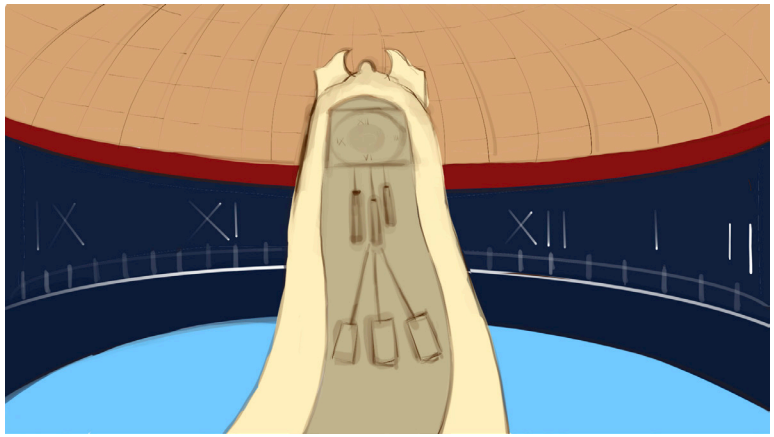












My thesis reflects the most recent interests I've found in my courses and involvements at Pratt. Some of the challenges I found surrounded the amount of time it took to create the assets as well as changing technical knowledge I have (to which I will continue tackling in the near future).
