Profile

Alexis Dentino is an interior designer focusing on the intersection of architecture, interior design, and art, in residential, commercial, hospitality, and cultural projects. She is currently completing a MFA in Interior Design from Pratt Institute (NYC), and is also a teaching assistant for an undergraduate Design Studio II course at Pratt.

Education

Pratt Institute, New York City

Master of Fine Arts, Interior Design | GPA: 3.8 | Graduating in May 2021

- 2019 - 2021 Pratt Institute Merit Scholarship Award

University of Colorado, Boulder

Bachelor of Environmental Design in Architecture | GPA: 3.8 | Graduated in May 2016

- Architecture model selected for display at the University of Colorado - Environmental Design Building
- Architecture Praxis Studio final design among the top three selected for construction at the Lama Foundation, New Mexico

Professional Experience

Architects Hawaii Ltd. | Architectural Designer

August 2017 - March 2019 | Honolulu, Hawaii

Worked on small teams to prepare and design extensive master plan deliverables for the Oahu Community Correctional Center and St. Andrew's School. Assisted in preparation of RFP's, fee proposals, cost estimates, and design contracts for commercial and military projects. Created drawings in Revit and AutoCAD and renderings for presentations to clients.

Architects Pacific | Draftsperson

October 2016 - August 2017 | Honolulu, Hawaii

Produced precise drafting work using Revit and AutoCAD in schematic design, design development, and construction document phases of projects. Conducted site visits for construction administration for State of Hawaii projects and other large scale projects on Oahu. Efficiently researched the zoning and building codes for projects in the City of Honolulu. Worked on multiple projects and completed them on a timely basis.

Teacher's Assistant for Dr. Ping Xu

August 2015 - May 2016

Edited and produced diagrams for Dr. Xu's scholarly journal article: *Feng-shui - Ancient Geodesign as a Clue: Identifying Predictive Landform Models of Mountain Flood Impact Zones*, published in the Journal of Digital Landscape Architecture, 2016. Collaborated on grading exams and essays.

Achievements

- Public Outreach: Created master plan presentation and organized a televised public town hall at Aloha Stadium for the relocation of Oahu Community Correctional Center.
- LEED Green Associate accreditation.
- Selected to attend USGBC Greenbuild conference 2018 in Chicago as a representative of Architects Hawaii.
- Completed NCARB's Architectural Experience Program (AXP) required 3,740 hours during employment as a designer.
- Habitat for Humanity Volunteer.
- Downtown Business Associates Toastmasters Club (HI) member.

Software

Revit, AutoCAD, Rhino, Grasshopper, Adobe Suite (Ps, Ai, Id, Lr), Enscape, Sketchup, Lumion, 3ds Max, Bluebeam, Microsoft Office Suite.

Skills

Model making, laser cutting, hand drawing, furniture building, digital and film photography.
